TO WHOM IT MAY CONCERN:

We are pleased to have Mr. Anandam Velagandula as our CEO of India Operations since Jan 2001. He was extremely instrumental in the establishment of our operations in India. He consistently discharged his duties efficiently, economically and right on schedule.

- One of his major software projects was the CONVERSION of Clipper Operating Systems to MS Windows and our client was very happy with this achievement as well as the significant savings on the project.

Considering our company was acquired by a multinational concern, we were extremely hopeful that Mr. Anandam would take up another country assignments as our company was merged into the acquirer. Unfortunately, Mr. Anandam sighted that there were personal reasons for not moving on to one of our other assignments.

It is with the highest regard and the utmost respect that we proudly recommend him. For any further clarification, we will gladly be of assistance.

Respectfully,
