

VARDHAMAN COLLEGE OF ENGINEERING (AUTONOMOUS)

Shamshabad– 501 218, Hyderabad

Plantation Drive in Kacharam with first year students and faculty, 12. Sep. 2015

The Initiation taken first year students to be the part of environmental concern, The adopted village kacharam is a drought area of water and as well as there is no plantation in the village. As the first initiation and the fresher's are very eager to do the society concerned activity , motivated to do plantation in the entire village. Around 100 students are participated and done the plantation along with faculty support also. The plants collected from nearby nurseries. If the first years are habituated like this activities and events , they more concentrate about their future technical inventions without effecting the environment.
