## 1. PREAMBLE

Electronics & ICT Academy, Malaviya National Institute of Technology, Jaipur, Rajasthan (henceforth called- Academy) and the Vardhaman College of Engineering , henceforth called Host-institution) here by agree to encourage academic and research cooperation. The host institution would join in efforts for hosting of NKN/VC based Faculty development programme for faculty of engineering/technology/other streams In furtherance of the development of learning as stipulated below.

## 2. OBJECTIVE AND SCOPE

Each Electronics and ICT Academy would focus on improving the quality of faculty of institutes and colleges in the respective states/UTs which would result in improvement of quality of students there by making them Industry ready and employable in the ICT/ Electronics Manufacturing Industry.

Both the Institution (MNIT & Vardhaman College of Engineering) shall encourage cooperation between faculty/researchers of both the institutes for organizing the NKN/VC based faculty development programmes in the field of Electronics & ICT, especially ones that are recommended by Academic Council at Ministry.

**Target Beneficiaries:** Faculty / Mentors of Engineering, Science, Arts, Commerce colleges & Polytechnics of the respective/neighborling States/UTs. As an outcome of the faculty training, the graduates/ diploma passing out from their respective institutions would be benefitted.

## 3. IMPLEMENTATION OF THE PROGRAMME

Both the Institutes acknowledge that the FDP will be organized with following guidelines, broadly, and shall comply with the regulations and policies of the Vardhaman College of Engineering, Hyderabad ,India and Malaviya National Institute of Technology, Jaipur, India.

Academy will strive to settle all the expenditures, upon receipt of Utilization Certificate duly sent through Head of Institution after completion of NKN/VC FDPs.

### A. *Responsibility of Host Institute*

1. Facilitating Lecture Hall with Audio Visual equipment & receiving of online Video lectures either through NKN or other VC methods
2. Facilitating Labs, Computers / Experiment kits
3. Marking attendance daily and Conduct of examination at the end of the course
4. Controlling Schedule and Time Table as provided

5. Preparing a summary report for MeitY – No of participants, states involved, No of women participants, No of participants for SC / ST category. Also, compiling feedback from participants (in case online feedback is not available from EICT Academy).
6. Receive DD for registration amount, preserve the same & return them to respective participant, only after completion of the FDP.

**B. Responsibility of MNIT EICT**

1. Providing virtual class-room connectivity assistance to host institution
2. Payment towards expenditures at host institution as indicated in Table
3. Providing/facilitating course material, assignments/quizzes
4. Other support activities as and when required

**4. FUNDING**

In furtherance of cause of research and education in multidisciplinary areas, the Academic council advised programmes will be hosted by host institution through NKN/VC facilities available.

Head of expenditure ( 1 week programme)	Proposed Amount
Remote centre programme- Coordinator 2500/- per day, for 5 days	12,500
NKN facility /High Speed Internet	5000
NKN Faculty/incharge	2500
Lab facility	5000
Lab faculty/incharge	2500
Lunch, Tea & Refreshments (Morning and Evening), Drinking Water @250 per participant per day (for at least 30 participants)	37,500
Whole Paid by MNIT EICT Academy	
<b>Total (at least)</b>	<b>65000/-</b>

Contributions: MNIT EICT Academy 100%

**5. Remote Centre Programme COORDINATOR(S)**

Institution hosting NKN-VC based programmes will have programme coordinator(s) identified for a specific programme. The Coordinator will plan and implement the activities of the NKN-based FDP.

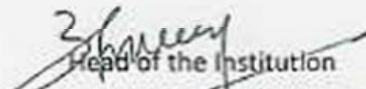

On behalf of Vardhaman College of Engineering

On behalf of MNIT Jaipur

Programme coordinator (if any)

Programme co-coordinator (if any)

1. Dr.B.Harish, Associate Professor  
Dept of EEE
2. Dr.K Muralidhar Goud, Associate Professor  
Dept of EEE

  
Head of the Institution  
Principal  
VARDHAMAN COLLEGE OF ENGINEERING  
Shamshabad, Hyderabad

  
Academic Chair/ Chief Investigator  
EICT Academy  
Electronics & ICT Academy  
Malaviya National Institute of Technology  
JLN Marg, Jaipur-302 017

## Annexure

### Background:

The approval for setting up of Electronics and ICT Academies at IIT Kanpur, IIT Roorkee and MNIT Jaipur has already been issued by Ministry of Electronics & IT (Govt. of India) vide Administrative Approval No. 3(6)/2012-HRD(Vol.V)(Pt.), dated 09.11.2015

In order to facilitate the growth of IT/ITeS, Electronics Manufacturing industry the growth of entire spectrum of ICTE Industry as a whole is essential so that a sustainable global market share could be carved out for India. For sustaining the growth of the IT-BPO industry, IT Hardware and Electronics Manufacturing industry, availability of properly trained, skilled and qualified manpower is essential.

The requirements in the areas of ICTE sector are unique as it has a very high degree of obsolescence of existing technologies and faster emergence of newer technologies that would require a shorter cycle of updation of curricula and launching of new courses, etc. Further, the quality of R&D is the weakest link for the IT and Electronics manufacturing Sector. Quality PhDs generated in IT / Computer Science is very low.

This emphasizes on the need for a focused faculty training/updation programme for IT, Electronics and related sectors. At present the initiatives taken by the Government through the UGC, AICTE, etc. for faculty updation are generic and holistic in nature and do not specifically focus on the emerging requirement of ICTE sector.

The above mentioned aspects have been addressed through launching a scheme for setting up of Electronics and ICT Academy at IITs, IIITs, NITs, etc. in the select Seven(07) States / UT's by the respective State Governments/UTs with financial assistance from Central Government- IIT Kanpur, IIT Guwahati, IIT Roorkee, MNIT Jaipur, NIT Warangal, NIT Patna and IIITDM, Jabalpur. This would ensure a wider spreading up of quality faculty development and continuous updation of faculty in an all-inclusive manner leading to an overall improved employability of the graduates at various levels in the academic institutions.

Academic Council has provided mandate to all seven academies to jointly organize FDPs and multicast through NKN/VC for benefit of participants. The FDPs multicast would be received at different Institutions/centres including CDAC/NEILIT etc. (called remote centres) where faculty participants from nearby educational institutions would join at these remote centres without entailing much travel.

<b>Email:</b>	mukulshrivastava123@gmail.com
<b>Project Title:</b>	Fault analysis of fluidized bed conveyor
<b>Project Description:</b>	Fluidized bed technology has been used in several fields since many years and it is one of the most popular one used in drying solid particles or granules. Fluidized bed drying is the most extensively used method for drying particles or granules majorly in pharmaceutical and food industries. The controlling parameters regarding the same are to be analyzed in detail along with the problems faced like globule formation. Parameters like temperature and humidity affect the evaporation rate of the moisture from the particles and the velocity as well as the flow rate of air account for heat and mass transfer.
<b>Project Objective:</b>	<ul style="list-style-type: none"> <li>• Parameter analysis.</li> <li>• Optimization of parameters.</li> <li>• Measures to avoid problem like globule formation.</li> </ul>
<b>Proposed Budget:</b>	Rs 30,000/-
<b>Additional skills required:</b>	<ul style="list-style-type: none"> <li>• Resource person needs to visit plant on a regular basis.</li> <li>• Post project support.</li> </ul>

Contd.....2

- i) The Scope, Functions and Activities to be performed by you are enclosed.
- j) Your visit to outstations, if any, in connection with MIDHANI work shall have prior approval of Director (P&M)/C&MD and your entitlement of TA/DA will be as that of General Manager of MIDHANI.
- k) You are requested to send back the enclosed oath/declaration form duly signed under Official Secrets Act (1923) of Government of India.
- l) You will be provided canteen coupons on cost basis.
- m) You will not be entitled to any other Allowances or Benefits other than those indicated in the contract.
- n) You will be liable to be terminated at any time by giving one month notice on either side or 20hrs honorarium in lieu thereof without assigning reasons whatsoever. The contract engagement will stand automatically terminated on completion of prescribed tenure of contract.

You may kindly return the duplicate copy of this offer as a token of your acceptance of the terms and conditions governing your engagement as R&D Consultant.

Thanking you,

Yours faithfully,  
For Mishra Dhatu Nigam Limited

  
(C SABITA)

Addl. Genl Manager (HR)

Encl: as above.

## Proposal for Coconsultancy Work

Name of Organization:	Scoat Pharma Pvt Ltd
Address:	Hyderabad Telangana
Phone:	040-32573933
Email:	scoatpharmahyd@gmail.com
Contact Person:	J. Anil Kumar Gupta
Phone:	9885934506
Email:	scoatpharmahyd@gmail.com
Proposed Consulting recourse person from Vardhaman College of Engg.:	Mr. N. Srinivasa Reddy
Phone:	98-19964005
Email:	nsreddy@vardhaman.org
Project Title:	Fault analysis of fluidized bed conveyor
Project Description:	Fluidized bed technology has been used in several fields since many years and it is one of the most popular one used in drying solid particles or granules. Fluidized bed drying is the most extensively used method for drying particles or granules majorly in pharmaceutical and food industries. The controlling parameters regarding the same are to be analyzed in detail along with the problems faced like globule formation. Parameters like temperature and humidity affect the evaporation rate of the moisture from the particles and the velocity as well as the flow rate of air account for heat and mass transfer.
Project Objective:	<ul style="list-style-type: none"><li>• Parameter analysis.</li><li>• Optimization of parameters.</li><li>• Measures to avoid problem like globule formation.</li></ul>
Proposed Budget:	Rs 25,000/-
Additional skills required:	<ul style="list-style-type: none"><li>• Resource person needs to visit plant on a regular basis.</li><li>• Post project support.</li></ul>

<b>Project Title:</b>	Design of fluidized bed powder coating Curing oven.
<b>Project Description:</b>	<p>Fluidizing bed are designed to make solids such as powder material behave like a fluid. They are intended to be used for powder coating and can be used for other materials such as glitter, velvet flocking powder, powder sugar, etc.</p> <p>Fluidized beds work by forcing a volume of air (or any gas) up through a powdered medium. The flow rate and pressure that is supplied to the fluidizer are heavily dependent upon the particle size of the powder as well as their respective densities. As the gas is forced up through the powdered medium there will be a distinct transitional phase where the mass of the powdered medium is suspended by the flow of the exiting gas and thus fluidized.</p>
<b>Project Objective:</b>	<ul style="list-style-type: none"> <li>• Design of fluidized bed powder coating oven.</li> <li>• Support in fabrication, testing of the product.</li> </ul>
<b>Proposed Budget:</b>	Rs 25,000/-
<b>Additional skills required:</b>	<ul style="list-style-type: none"> <li>• Skills in thermal analysis.</li> </ul>
